

FESTIVAL OF INNOVATION

(past, present and future)

A spectacular
day out for all
the family

Highlights include: magnificent objects in D4 hangar, Intel® Gaming and Ladies' Tent of Technology, vintage motorcycle time trials, classic and modern vehicles, interactive displays, science workshops and shows, and much more...

12 and 13 September 2009

Science Museum at Wroughton

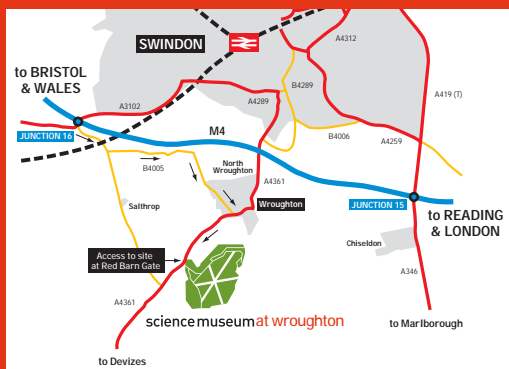

For more information call 01793 846200
www.sciencemuseum.org.uk/wroughton

Entry free, parking £5 per car,
low-carbon methods of transport park free

The Festival of Innovation celebrates technology and engineering against the stunning backdrop of the Science Museum reserve collections.

The weekend-long event is suitable for all ages, so come along and try your hand at a science workshop, take part in our very own conservation project, have a go at the latest interactive games, or simply enjoy the sights, sounds and smells of vintage and modern technology in action.

Directions

Science Museum at Wroughton is situated off the A4361 Wroughton to Avebury Road.
GPS: SN4 9LT
